Allowable Subject Matter

The following is an examiner's statement of reasons for allowance of the claimed method and system: The prior art fails (US Patent 6012046, WO96/34357, Louis; "New breed of ECNs competes for market share"; Nov. 1998; Wall Street and Technology Online Trading Supplement PP: 16-17; Dialog file 15, Accession No. 01726082) to teach of generating elements (and a means for generating elements) after validating each trading request comprising the packet of trades inputs, sending (and means for sensing) the pairing elements to a matching table and identifying a "short" as a side designated by the side with the smaller sum quantity and identifying a "long" side as a side with the larger sum quantity, selecting (and means for selecting) from the long side the pairing element of the earliest request submission time if the short side pairing element indicates so or does not indicate any matching priority parameter, or selecting by a default method a pairing element from the subset of the long side's pairing elements whose account profiles contains the matching priority parameter indicated by the short side's pairing element,

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
